

Seamless Integration  Built for Efficiency

PENTAGON 2000SQL

is now connected to the

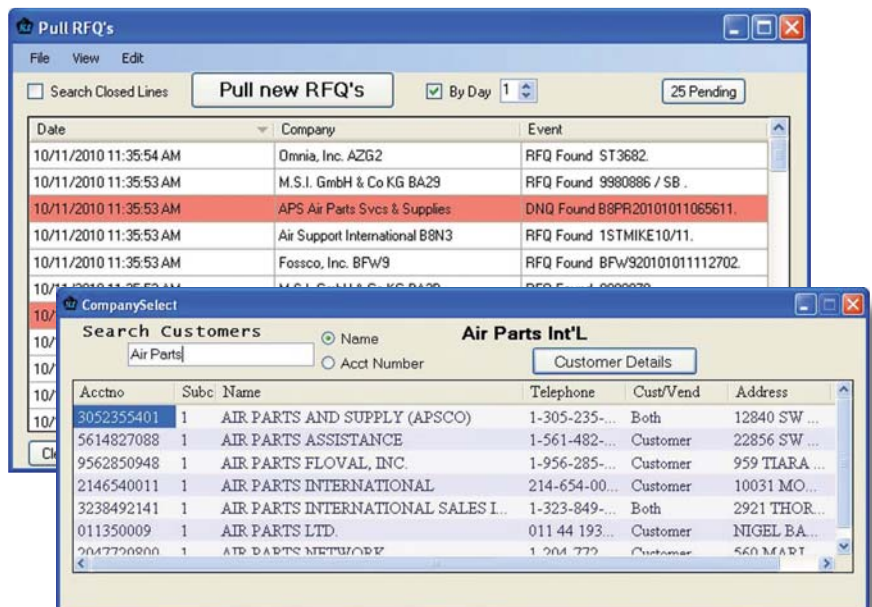

World's Most Active Marketplace

for Aviation and Defense.

Now Pentagon users can have increased control over RFQs, quote authoring and inventory listing.

- Eliminate need for manual RFQ input
- No more data entry errors
- Save money, paper, and time

Add ILSmart Exchange capabilities to your existing Pentagon 2000 software. Decrease response time and increase customer satisfaction.

The screenshot displays two overlapping software windows. The top window, titled 'Pull RFQ's', has a menu bar (File, View, Edit) and a toolbar with 'Search Closed Lines', 'Pull new RFQ's', 'By Day 1', and '25 Pending'. It contains a table with columns 'Date', 'Company', and 'Event'. The bottom window, titled 'CompanySelect', has a search box with 'Air Parts' and a 'Customer Details' button. It contains a table with columns 'Acctno', 'Subc', 'Name', 'Telephone', 'Cust/Vend', and 'Address'.
